Over Seven Miles With Every Car

ROCKNE "75"
\$**975**
MOTOR FACTORY-MAKER FULL DEL.
Includes sales tax and license
114" WHEELBASE • 7.75 H.P.

YOU are formerly owner of a vehicle in the automobile industry of the Rockne that you have not found in low priced cars before.

When even of annual length have presented the Rockne body engineers with original opportunity for engineering the power and speed of these vehicles can in every material line.

The result is a design, available, completely distinctive and spreading. The flow of the fenders, the extending of the hood, the slope of the windshield and the sweeping gracefulness of the top combine to increase wind resistance and increase speed, and give a personal speed, unique in all the automobile industry.

Costly-car thoroughness

Although no other six cylinder automobile can measure up with the Rockne for low price, considering the quality and standard equipment offered without extra charge, you

would never know from their appearance that these are inexpensive cars.

They are built with an exceptional thoroughness. Each Rockne has the benefit of the very finest materials, the very best workmanship, the most exacting, advanced engineering, the most rigorous testing and inspection.

The transmission, with close, combining Free Wheeling in its three forms with a Full Synchronized Shift, is unsurpassed for advanced design, quality of steel, manufacturing precision and performance by any comparative car at any price.

Studebaker sponsorship

Five of the low priced cars to provide Studebaker New Starting an important equipment without extra cost, the Rockne has the advantage of Studebaker's extensive experience and precision.

The magnifying six cylinder Rockne power plant is very large and very responsive—and their in-

SIX

A product of the
Studebaker organization

THE ROCKNE "65" COACH

herent confidence is even further increased by 4 Point Cushioned Power—a development which combines the motor with live rubber at all four points of suspension.

The wealth of features the Rockne offers, the experience is that in this power and machine, even straight back to Studebaker's ability and willingness to purchase in today's market an array of decided advantages in Rockne cars.

Each the "65" of 44 horsepower and 110-inch wheelbase and the "75" of 52 horsepower and 114-inch wheelbase, are equipped and guaranteed by Studebaker as unconditionally as though each car bore the Studebaker emblem.

Impressive roominess

The Rockne are not big within as well as without. Their wide, deep, richly upholstered seats provide a roominess in comparison it would be a credit to any coach or sedan.

The driving seat can be readily adjustable. The six body styles of the "65" and the five body styles of the "75" cover virtually everybody's motoring requirements.

Before deciding on any other low priced car, check it out for part and feature for feature against the Rockne. Bear in mind that the low Rockne price gives you much additional benefit at close-up, close-up, close-up—especially when you consider the standard equipment—easy power, solid gripping brakes—rigid double-drop frame—flexible carburetor—self-adjusting spring shackles—hydrolic shock absorbers.

A trial drive will convince you that the Rockne is built for years of satisfiable service. It's a car you'll be proud of in any company. It's a most economical car to purchase and to own.
